About Me

Hi, My name is William Bray and I am bright and enthusiastic 18 year old with a great passion for all things technical but more importantly an even bigger passion for web design and development. I'm self taught in Web development since 2014 doing small projects for myself and for many of my final pieces during Secondary school.

Education

Exeter College - 2016/2017

Level 3 Diploma in Infomation Technology.
- Consisted of units like Web design, Human Computer interaction, Graphic design and eCommerce.

Experience

Junior Web Developer - Two Superior Studios

- Worked with Senior developer to manage and produce websites for clients.
- Contacted clients to talk about design options and gain more information on what they desire.

Skills

Programming languages
HTML, CSS, JavaScript, jQuery and PHP

Design Applications
Photoshop, Illustrator, Cinema4D

Personal Skills
Strong inter-personal skills, Problem solver, Strong communicatior, Great decision maker.
